OCTOBER 2006 CALENDAR

BLACKSTONE RIVER & CANAL HERITAGE STATE PARK

RIVERBEND FARM STATE RESERVATION

Morning Birdwalk: Come on down to river bend farm and discover with us the fantastic array of avian wildlife. We will meet every Saturday morning from June 28th to July 27th at the visitor center. Each week will have a particular theme about our feathered friends. Please bring binoculars. Coffee will be provided.

Canal walk: once a week we will be walking a one mile section of the Blackstone canal by river bend farm, on this walk I will discuss the history of the area, covering the history of the construction, operation, and demise of the canal, as well as the history of local farms and towns that were greatly affected by the canal construction and the economic boom that it created.
